### **ITS America Statement on Situation in Ukraine**

ITS America condemns the Russian invasion of Ukraine and atrocities being committed in Ukraine. We stand in solidarity with Ukrainian people as well as with citizens across the globe who oppose the war, and our hearts go out to all those suffering as a result.

This September, ITS America, in collaboration with ITS America Events, is hosting the ITS World Congress in Los Angeles. This event welcomes colleagues from around the world to experience firsthand how transportation technologies are creating a future that is safer, greener, smarter, and more equitable. In keeping with that mission, and in solidarity with the people of Ukraine, Russian and Belarusian entities and their employees will not be permitted to participate in the 2022 ITS World Congress. We respect and support the resilience and dignity of Ukrainian people, particularly amid such a devastating humanitarian crisis.
