CARPOOL WITH SCOOP

*Guaranteed parking at BART station for carpoolers in Dublin, CA
Launched on January 23, 2017*

The Metropolitan Transportation Commission (MTC) and the Bus Area Rapid Transit (BART) have partnered with Scoop Technologies to use carpooling to maximize the efficiency of BART's parking lots. Under this partnership, BART set aside parking spaces in the permit area at the Dublin/Pleasanton BART station for carpoolers using scoop. This guarantees carpoolers parking spots until 10 am. This is a pilot program that is planned to be expanded to all BART stations with parking facilities under the MOD Sandbox grant received from the Federal Transit Administration.
