

MOBILITY IN THE MAKING

DECEMBER 7, 2023 | ISSUE #22

ABOUT

Mobility in the Making is a monthly publication that highlights some of the recent updates and news regarding Mobility on Demand (MOD)-related programs, pilots, and partnerships.

This publication is produced with support from USDOT's Intelligent Transportation Systems Joint Program Office (ITS JPO).

MTC & LYFT EXPAND BIKESHARE

[Bay Wheels regional bikeshare to grow and update | November 3, 2023](#)

The Metropolitan Transportation Commission (MTC), the regional transportation authority in the San Francisco Bay Area, and Lyft are expanding and updating the Bay Area's [Bay Wheels](#) regional bikeshare program. As part of this change, 2,000 electric bikes (e-bikes) will be added to the Bay Wheels fleet, along with 55 additional docking stations, in San Francisco, San Jose, Oakland, Berkeley, and Emeryville, California. Further, the program is lowering both the cost of annual Bay Wheels membership and the cost for members to ride. These changes aim to expand access to and use of e-bikes.

METS LAUNCHES MICROTRANSIT

[On-demand transit pilot, METS Micro, rolls out | November 28, 2023](#)

The Metropolitan Evansville Transit System (METS) has launched microtransit service, [METS Micro](#), in partnership with the Evansville Metropolitan Planning Organization, the Toyota Mobility Foundation, Energy Systems Network, and Via in Evansville, Indiana. As of November 28, travelers within the designated service area in southeast Evansville can book on-demand shared rides for \$2 per trip, anytime between 6:15am to 12:00am Monday to Saturday and 6:15am to 6:00pm on Sunday. Via's algorithm will be used to match riders. This services aims to expand the reach of local transit service.
