

## **ITS AMERICA OPENING: SUMMER POLICY INTERN**

Interested in shaping the future of **transportation technology policy**? ITS America is seeking a **Summer Policy Intern** to support our policy team as we advance safer, smarter, and more connected transportation systems across the country.

This internship offers hands-on exposure to **federal transportation policy**, emerging technologies (AI, connected and automated vehicles, digital infrastructure), and the intersection of innovation and public policy.

### **What You'll Work On**

As a Policy Intern, you'll support the ITS America policy team in a fast-paced, mission-driven environment. Responsibilities may include:

- Conducting research on federal transportation and technology policy issues
- Tracking and summarizing congressional activity, hearings, and legislation
- Monitoring USDOT notices, grant opportunities, and regulatory developments
- Supporting policy memos, one-pagers, white papers, and advocacy materials
- Assisting with webinar recaps and policy roundups
- Helping develop content for members, including policy updates and presentations
- Supporting outreach related to Capitol Hill and federal agencies

You'll gain direct exposure to how a national trade association shapes policy conversations and works with policymakers, industry, and public-sector leaders.

### **Who Should Apply**

We're looking for students or recent graduates with an interest in:

- Transportation, technology, or infrastructure policy
- Public policy, political science, engineering, urban planning, or related fields
- Federal legislative and regulatory processes

Strong research, writing, and organizational skills are important. Familiarity with Microsoft Office and an ability to translate complex policy topics into plain language are a plus.

### **Why ITS America?**

ITS America is the leading voice for **transportation technology innovation** in the U.S., representing public agencies, private companies, and research institutions working to modernize transportation systems nationwide. Interns are fully integrated into the policy team and gain meaningful professional experience.

**Please note this is an unpaid internship opportunity.**

**Location:** Washington, DC/hybrid

**Position length:** June 1-August 28, 2026

**How to Apply:** Send resume and cover letter to Jim Broderick [jbroderick@itsa.org](mailto:jbroderick@itsa.org).

**Application deadline:** May 8, 2026
